

**The United States Bankruptcy Court
for the Northern District of Mississippi is pleased to
announce Web PACER, an Internet version of PACER
(Public Access to Court Electronic Records)**

Web PACER Service

Web PACER allows you to retrieve Case Information, New Case Listings, and Creditor Mailing Matrix using your web browser application. Web PACER is updated every 60 seconds, giving you near real-time information.

Searching

You can search for a case by participant name, case number, social security number, or tax identification number.

Case Information

Information is displayed as a Full Summary, Docket Report, Claims Register, Case Status, Attorney Listing, Trustee Listing, party Listing, Aliases, Associated Cases, History, Filers, Documents, or Deadlines/Schedules.

New Cases

The date range is set by the user. The information can be displayed as raw data format or report format.

Creditor Mailing Matrix

The Creditor Mailing Matrix can be displayed in 1 column format, 3 column format, or raw data format.

Client Code

All displays can be assigned a client code. This gives you easier capability to track what client used this Service.

Availability

Web PACER is available days, nights, and even weekends. All active and closed cases are yours for the asking in an easy to read graphic format.

What You Need

1. A PACER account
2. A computer with a web browser application installed
3. An Internet service provider (ISP)
4. A drive for data copying or a printer for hard copies of data.

Cost

The cost for the service is \$.07 a page and will be billed on a quarterly basis. Billing is shown at the bottom of each display.
